Structura Body Therapies Franchises Now Available In 34 States

Structura with currently 3 clinic locations in Weber and Davis County, Utah now offers its unique, affordable franchise solution also in Connecticut, Georgia, Louisiana, Maine, North Carolina and South Carolina. This brings the number of States available for its franchises to 34. Structura is already in negotiations with several franchise candidates in different States. More details about Structura's franchise program can be found on the company's website www.structurafranchise.com.

Structura Body Therapies clinics provide a variety of advanced body therapy and massage services including Structural Integration, Structural Physiotherapy, Postural Alignment Therapy, Injury Therapy and its unique Signature Massage. Services are provided by highly skilled licensed massage therapists with advanced training and certifications through Structura's own training program.

With its sought-after franchise solution Structura primarily targets franchise investors, licensed massage therapists and other healthcare professionals who are looking for a proven business model in a growth industry and a unique product.

"We are excited to offer our franchises now in 34 States including Utah", says Martin Metzler, CEO & President of Structura Franchise LLC. "The low investment, lucrative business model and unique clinical therapy approach makes this an appealing solution and is finally placing a massage franchise opportunity within reach for a wider audience of potential franchisees including massage therapists."
